

N.E.W. – the Network to Empower Women

<http://www.networktoempowerwomen.org>

It is a network made up of circles of women who meet to empower one another for full partnership with men, and the flourishing of the world. Under the right conditions, men may also be a part of this network. The circles are called N.E.W. Circles, and they use a unique process consisting of **Nine Questions** and **Nine Agreements**, which provide the content and structure for each meeting. The network also includes a web site, www.networktoempowerwomen.org, which links interested women, men and N.E.W. circles with one another, and with the many other web sites and organizations already in existence, whose purpose is to empower women and create a better world. In this way, each person who is a part of N.E.W. can be part of a local circle of empowerment, and part of a worldwide movement dedicated to the flourishing of all.

It is designed to inspire women and men to engage in a circle process that creates authentic relationships and partnership in every arena of society. It provides the necessary tools through the web site and the book **THE FUTURE FOR WOMEN** for this circle process to be practiced. It also offers a way to connect globally with others who have the same basic goals and values. N.E.W. joins forces with literally millions of other organizations and web sites in a worldwide effort to create a future in which humanity is like a bird finally flying with both wings – male and female in harmony and balance in every arena of life.

N.E.W. circles are composed of three or more women (and men, under certain circumstances described in the book, **THE FUTURE FOR WOMEN**.) Each circle meets in a safe, public location, free of interruption, and is open to any woman who wants to attend. The time frame can be as short as one hour once a week, or a couple of hours once or twice a month. Each circle meeting is governed by the **Nine Agreements**. Leadership is shared and rotated. Each meeting is centered on one of the **Nine Questions**. Everyone sits in a circle, and each person has the opportunity to speak in response to one of the questions, without interruption. Listening non-judgmentally and compassionately to each other, and keeping what is said confidential outside the meeting, are essential aspects of each circle.
